Hi, I'm _____ from the Rochester Youth Development Study. Last year we interviewed (SUBJECT) and (his/her) family and we would like to interview you again. Like last time the interview will take about an hour and we will mail you a \$10 check for completing it. Also, like last time your answers will be strictly confidential. What you say is just between you and me and the research team I work with. Remember, you don't have to do the interview and you can stop at any time but I hope you will be able to help us out again as it is very important for us to understand how young people grow up today. Is it okay to start?

(CARD 1)
